

Annual Report

I am delighted in presenting the annual report of the school before the august gathering of our honourable guest, parent, teacher, media persons and our students on the occasion of Annual function. Within a short span of time the school has promised to come forward with its glorious achievement.

Our students appeared for the first time in board examination conducted by CBSE board. Out of 12 Students all passed. Highest marks achieved by a girl student named Manimala kumari was 92%, 6 students got more than 85%, 3 students got more than 75% and 2 students got marks between 45% to 56%.

40 Students from class 3 to 10 appeared in National Level Maths and Science Olympiad conducted by National Teachers Council, Bangaluru and All India Talent Search Examination conducted by SCERT. To our greatest surprise Anuj Kumar of class 8th and Pushpanjali of class 8th won Gold and Silver Medal in maths and science respectively.

District level Science Exhibition was organised under the banner of 27th National Junior Science Congress on 26th September 2019 in which Master Aniket kumar and Master Aditya Raj of class 8th was selected to represent the district in state level meet at Madhubani. The topic was Water Conservation for Green Clean And Healthy India.

On 2nd October 2019, plantation was done by our guests, teachers and students in our premises. About 125 plants were planted. Eco-club takes care of cleanliness of campus. Teachers used to motivates the students during assembly to keep the surrounding clean and hygienic.

On 25th June 2019, under the banner of CBSE Khelo India Fitness Programme of one day was organised in our campus in which physical teachers from Samastipur, Begusarai and Vaishali participated. We are trying to achieve our goal of fit India hit India by making our students fit .

We regularly meet with our honourable parents just after every examination to apprise him about the problems and development of their child.

Health and Dental check up camps are organised at every half yearly interval to screen the student of any defect and treatment.

Students are sent to educational trips and related study tours. NCC and Scout and guide has been introduced in the school since this year.

School management committee play a vital role in fixing the curriculum plan and co-scholastic activities. Our learned member used to guide us in improving the quality of scholastic and co-scholastic in the students. Teachers are sent to participate in Capacity Building Programmes organised by COE Regional Office, Patna. Workshops and Seminars are organised to enhance the capacity of teachers.
